DELUXE SLAM BARREL BOLT

Stainless Steel 316 & Plastic

- Clean and elegant appearance with snap-on SS316 cover to conceal installation fasteners.
- Angled barrel design mimics slam latches for worry free closing.
- Knob can be locked in position to keep latch open.
- Stainless steel slide works smoothly on plastic body.
- The spring-loaded slide effortlessly self-latches to ensure constant engagement and no rattle.
- Optional strikes available for various door configurations.
- Screw size: M4 or #8.
